

Bowling

Our lanes will give you the ultimate experience when bowling at Golden Fun Park. All machinery and materials are backed by the renowned company Brunswick.

There are 8 lanes, and the facility can accommodate a large group or even groups wanting to compete between each other.

The Brunswick company has developed the BIG = Brunswick Interactive Games for multilane playing, allowing groups to visually see results during playtime.

Another great feature our lanes provide, is the "Blacklight" feature for a totally different experience.

All reservations are charged by the hour only. However if you are wishing to pay by the game, just visit us at any time.

It is advisable to arrive 15 - 20 minutes before your booking to ensure that games start on time.

We do hold over a couple of lanes most nights for walk-ins. In addition there are sometimes late cancellations, so please call or email us to check.

Every Tuesday and Thursday, we have the red tenpin game where if you make a strike with the red tenpin, you get a bowling game for free.

We require 5 days notice on bookings of 2 lanes or more.

For a list of our rates please email: [info@ goldenfunpark.gr](mailto:info@goldenfunpark.gr) . All rates include shoe hire in the price.

If you are planning a party or event concerning bowling activities, please use our Plan a Party form.
