

Billiards

The billiards area at Golden Fun Park is a great surprise for many of our customers, as we provide 5 high quality pool tables.

A favourite place for fathers to bring their sons to teach them pool, as well as couples and other players who would like a spacious area for pool playing.

We offer competitive pricing as well as specials so you'll want to keep coming back for more. We'll provide the pool cues (of course you can also bring your own), chalk, and balls, so all you need to worry about is bringing yourself!
